Miss D Wilkins

Weds At Coast

Christ Church Cathedral Chapel, Vancouver, B.C., was the scene of a very pretty evening wedding when Miss Dora Violet Wilkins youngest daughter of Mrs. J. E. Wilkins and the late J. E. Wilkins was united in marriage to Pte. Harry R. Stronnie, R.C.A.S.C. of Vernon, B.C.

Given in marriage by her mother the bride was lovely in a white eyelet embroidery sheer dress with white picture hat to match. As "something borrowed" she wore an emerald pendant worn by Mrs. Philip Wilkins at her wedding.

Mr. and Mrs. Philip Wilkins of Vancouver supported the bride and groom during the ceremony.

A reception was held at the Palmier Supper Club to immediate relatives of the family after the wedding.

For going away the bride chose an apple-green dressmaker suit with white accessories. They will make their home at Vernon, B.C. for the present as the groom is stationed there.

Meeting of

Browning U.F.W.A.

The regular meeting of Browning U.F.W.A. was held at the home of Mrs. George Woodbridge on July 4th. The hostess opened the meeting by suggesting that the parents of the district could, by a little time and thought make life more pleasant for the teacher.

The secretary, Mrs. Alwood reported that the bee held at the school to renovate benches and table had been very successful—8 benches having been repaired, sanded and oiled, and a new table built. The men of the district very kindly helped in this effort. Plans were made to collect paint from residents of the district and the women will hold a painting bee in the near future.

Two new members were welcomed to the Local, Mrs. F. and Mrs. J. Armstrong. Final arrangements were made for the school picnic to be held at the school on July 6. Plans were made to attend the Battle River Jr. U.F.A. picnic to be held at Malley's Lake on July 22.

The local convenor, Mrs. W. C. Taylor read the July Bulletin "Women and Reconstruction". This brought forth a very good discussion.

An article from Toronto Saturday Night entitled "What Are We Going to do About Canada's No. 1 Health Problem?" was read. The problem of V.D. was then studied at some length.

A paper on "Hutterites" from the Alberta School Trustees magazine was read and contained some very interesting and informative material.

The liaison officer to the W.R.A.C. reported that the reason clothes pins were so difficult to obtain was because there was only one manufacturer in Canada and he was doing work for the war effort.

The secretary was asked to write to the Dairy Pool asking that a suitable place be provided for the storage of eggs in Edgerton.

The article raffled for the U.F.W.A. was won by Mrs. Paul Harbak and the W.S.S. was won by Mrs. J. Armstrong. After the meeting the hostess served a delicious lunch, assisted by her daughter, Mrs. Norman Pruet.

The next meeting will be at the home of Mrs. Alex Meyer on August first.

Apology that comes from the heart will keep most troubles from coming to a head.

We wouldn't have such blooming problems if we nipped them in the bud.

You can't pull together with others if you're all tied up with yourself.

When we just try to dull a hurt we grow, in time, too dull to cure it.

Adeline Rebekah

Hold Memorial Service

The members of Adeline Rebekah Lodge No. 54 held their final meeting for the term on Thursday, July 6th with a good crowd in attendance.

A very impressive and beautiful Memorial Service was held in memory of departed members. Special mention was made of the late Bro. W. J. Huntingford who passed away in January of this year. The late Bro. Huntingford instituted and was a Charter member of Adeline Rebekah Lodge on July 6th, 1916, just 29 years ago.

Flowers were placed on the altar for each member of the Lodge who has passed on. The beautiful bouquet of cut flowers that was laid on the altar in memory of Brother Huntingford was later presented to Sister N. Huntingford.

The members of Wainwright I.O. O.F. Lodge No. 45 also joined in the services.

During the ceremony Sister M. Lismore acted as Noble Grand, Sister E. Wilbraham as Vice Grand, Sister B. Davidson as Chaplain, and Sister M. Carrell as P.M.G. as well as parts taken by several of the other members. An appropriate solo was rendered by Mrs. M. Carrell accompanied by Mrs. M. Mitchell at the piano during the evening.

At the close of the meeting a delicious lunch was served by the members.

Edmonton Exhibition

July 16th to 21st

The Edmonton Exhibition will have its first opportunity since the start of the European War of carrying out its various activities on a pre-war basis. The last exhibition appearing on a major scale was in 1938 when attendance reached 151,000. The management anticipates a record for this year which means of course attendance which will exceed this figure.

There are thirteen new buildings, put up during the war for the occupancy by the Air Force, which will provide extra space for this year's exhibits. A splendid exhibit of stock from breeders of the district is looked for which will be added to by many show specimens. Children's day will be on Thursday, July 19th, and a combined attendance from the city and country is expected to be around 20,000. Junior competitions in live stock will be held and the parade of winning stock will pass the grand stand giving the youngsters something to witness in return for their keenness in feeding and general interest taken.

Running horses from every part of the continent will be in evidence and there will be 7 races every day. The midway and platform attractions will resume their old popular places.

CALL FOR HIGHER

QUALITY GASOLINE

Steps to bring about the supplying of a better quality gasoline to motorists have been initiated by the Alberta Motor Association.

When the matter was discussed at the semi-annual meeting of the provincial board of the organization in Calgary recently, it was decided that representations should be made to the federal authorities to improve the quality of gasoline.

Speakers suggested that Canada now has an abundance of lead with which to raise the octane rating and thus open the way to production of gasoline of higher quality. The improved fuel would give new life to motor cars, it was claimed.

The matter is regarded as of such urgent importance that a special committee is to take it up and make all necessary representations to the federal oil controller and other Dominion authorities.

Farmers Union To

Meet In Wainwright

For the first time in four years, Wainwright is to be the convention centre this week, Friday July 13th, of District No. 7 of the Alberta Farmers Union.

As outlined on other pages of this issue, there will be some very interesting speakers, who will give interesting talks on subjects that are very important to farmers. It is hoped that it will be possible to have Mr. James Jackson of Irma, who is the provincial president for the A.F.U.

The speakers of the day will consist of: Mr. Townley Smith, Hughenden, district agriculturist; Mr. N. Stewart of the Alberta Wheat Pool; Mrs. Jones of Millet and Mr. Logan, both of the central executive of the A.F.U.

As pointed out to the Star, the slogan of the A.F.U. is "Party Prices", and truly believes is the farmers only emancipation, to raise their standard of living.

Banks to Huddle

Family Allowances

Toronto, July—Starting sometime this month the banks, through their branches all over Canada, are called upon to perform still another service to the public. They must and will be ready to negotiate the new government cheques issued under the "Family Allowances" legislation," said S. M. Wedd, President of The Canadian Bankers' Association, in a statement issued here.

"Official estimate is that 1,466,000 individual cheques will be issued by the government each month," he continued. "Most of these cheques will be presented at the branch banks for encashment or deposit."

"All government cheques are cashed by banks without charge."

"The banks willingly accept this added opportunity for serving Canadians many of whom, perhaps, for the first time, will come into contact with the banks and with the useful services they perform."

"We shall welcome all of these people and aim to cash Family Allowance cheques with speed and efficiency. At the same time it is my duty to stress the need of the banks for co-operation on the part of all who receive these cheques."

"Recipients of Family Allowance cheques can help themselves and the banks by remembering four simple requirements:

1. The need for proper identification at the bank.
2. The need to make sure that cheque is correctly endorsed.
3. The need to guard against losing cheque after endorsing and before cashing it.
4. The importance of going to the bank in the morning hours if possible.

"First of all, of course, is identification—a bank must be sure that the person presenting the cheque is the right person; therefore, if the holder of a Family Allowance cheque is not known in the local bank, he or she should take into the bank when presenting it somebody who is known in the branch. This will help to obviate delay and misunderstanding."

"Next, is the endorsement on a cheque—it must be endorsed exactly as it is made out to the payee; after it is endorsed the payee should take no chances of losing it or having it stolen before it is cashed."

"Recipients can help very greatly also by using the banks during the earlier hours of the day rather than during their busiest hours."

"No doubt many cheques will reach the banks through merchants who cash them for their own known customers. Merchants and storekeepers would be well advised to make sure of the identification of any person offering a cheque and to make sure also that the cheque is endorsed exactly as it is made out."

Wainwright "Petes"

Win At Viking

The Wainwright "Petes" Ladies Softball Team represented Wainwright at the Viking Sports on Wednesday, July 4. In the first game the "Petes" defeated Ryley with a score of 14 to 4. In the second game, the score at the middle of the Seventh inning was 15 to 9 in favor of Viking. Then it started to rain. Refreshed by the rain, Winnie Jackson hit the ball for a base hit. The rest of the team decided that if Winnie could do it, it must be easy. The final score was 21 to 17 for the Wainwright ladies. The highlight of the game was a home run by Elsie Ford.

The Petes wish to thank Mr. Stan Ryan for the use of his car.

The members of the team were: Catcher, Fern Gardiner; Pitcher, Vera Sutherland; First Base, Bada Nordstrom; Second Base, Elleen Graunke; Short Stop, Lois Walker; Third Base, Dorothy Cameron; Rovers, Arlene Caton and Bunny Bond; Left Field, Elsie Ford; Centre Field, Georgia Harriman; Right Field, Winnie Jackson and Elvin Stinert.

Machinery Course

At Provost

Opportunities for farmers to obtain instruction in the adjustment, operation and care of Harvesting machinery is being offered by the Provincial Department of Agriculture for the first time in this district this year, in the form of a Harvesting Machinery Short Course, which will be held at Provost on July 30th and 31st. Particular attention will be paid to those adjustments of the threshing machine and combine, which means so much in the prevention of losses.

The instructors are particularly well qualified and the chance to get the proper information should not be passed up, particularly by those who are operating combines for the first time.

AIRWOMEN IN OTTAWA HOLD

FAREWELL for PRINCESS ALICE

Ottawa—Princess Alice, honorary air commandant of the R.C.A.F. (W.D.), said goodbye to the air force girls at Princess Alice barracks here at a ceremony which began formally and ended with Her Royal Highness walking among the girls and posing for W.D. amateur photographers.

A crayon sketch of a W.D. by Cpl. Gladys Clawson of Selkirk, Man., was presented to Her Royal Highness by Cpl. Morrison.

"You could not have given me anything I would like better as a souvenir," Princess Alice said as she accepted it. "Not that I have any need of a souvenir to take back with me to remind me of my association with this splendid corps."

CARD OF THANKS

I wish to express my sincere thanks to all the kind neighbors and friends for their expressions of sympathy and gifts and also to the Military Camp Doctor to Dr. Wallace and to the Military M.P. and all others for the kind assistance they gave my daughter when she met with an unfortunate accident at the fair grounds on July 2nd.

MRS. M. MacLACHLAN

HINTS MEAT RATION

Dr. E. S. Archibald, director of the Dominion experimental farms, Ottawa, said here Wednesday night that meat rationing might come into effect in Canada within a few weeks "if shipping facilities were available so that this country could meet its overseas commitments." He was addressing a meeting of the Canadian Society of Animal Production.

Dr. Archibald said he hoped if meat rationing were instituted again it would be on a better basis than last time when consumption increased from three to four pounds a person.

HOTELS COLLECT

COUPONS 4th WEEK

Residents in hotels, boarding houses and summer tourist homes will, in

future, surrender ration coupons every four weeks instead of every two as formerly, the Wartime Prices and Trade Board announces. Every four weeks, operators may collect one sugar, two preserves and three butter coupons from guests' ration books.

New or temporary residents must surrender their ration books at the end of the first four week's stay, required for visits of less than four week's duration.

England.

To the Secretary,

Today our "Women's Voluntary Service" issued me with some bedding, including three beautiful hand made quilts bearing a tab with the Edmonton district address on it. The time and work put into them must have been immense but it is appreciated and I will do my best to take care of them.

I have a husband and three children and as we have twice been bombed it is good to get some nice things again.

Will you be good enough to convey my grateful thanks to all your workers for their kind labour.

I am,

Yours sincerely,
Margaret Griffiths.

Alberta and British Columbia are the only two provinces in which the veterans receive this particular consideration.

On the purchase of a house a veteran has to furnish proof of agreement of sale, which is supplied by the vendor. From the land titles office he has to have an abstract of title and a general registration to show there are no encumbrances or executions against the property.

In the purchase of chattels such as second-hand machinery, furniture, etc., a certificate from the registration clerk at the court house is necessary to show there is no chattel mortgage or lien against the property. A certificate from the sheriff is needed stating there is no execution against the vendor of chattels.

Mr. Masson has written to the director of rehabilitation in Ottawa to try and secure exemption from such fees for veterans everywhere in the dominion.

Formerly a flight lieutenant in the R.C.A.F. with overseas experience as a flying control officer, Mr. Masson declares much harmony is promoted between the veterans and departmental officials by the removal of these fees, which do not amount to a great deal but are a considerable inconvenience.

COMMUNITY ARENA

Has it ever occurred to you that Wainwright is in bad need
of a community recreational hall, or center?

No doubt, it has many times, but for the past 16 years, we
have been with out proper skating facilities and for that mat-
ter, proper facilities to hold community functions.

At one time the largest rink, between Winnipeg and Edmon-
ton, was located in Wainwright but the big fire of 1929 did
such damage that it has never been replaced.

On July 6th a meeting was held of all the organizations in
the town to see just what could be done as a fitting memorial
to the boys that served in the war.

By unanimous agreement, it was decided that as a fitting
memorial, a War Memorial Arena should be built.

Now this is the thing that has been needed in Wainwright
for a long time, and maybe in the near future, it might be
brought about.

Of course it won't happen over night, nor without a lot of
hard work, but after all, is it not the best things in life that
are sometimes the hardest to obtain.

A copy of the resolutions have been sent to different orga-
nizations in the town and district, and are found elsewhere in
these columns.

If you should be in a position to be able to help this project
along, do so by all means.

At a later date there is to be called a general meeting of all
the representatives of various organizations, to discuss the
pros and cons of such an undertaking. At that meeting the real
fine work of this community project will be discussed. As it is
now, it is in the rough stages, but a little more time will no
doubt bring things along.

The letter of the resolutions is as follows, and printed here-
with by the permission of the committees:

Wainwright, Alberta
July 6, 1945

Dear Sir (Madam):

A meeting of representatives of several organizations of the
Wainwright Community met in the Council Chambers on Fri-
day evening, July 6, to discuss the feasibility of establishing a
community recreational centre here.

Would you kindly bring to the attention of your organiza-
tion the following resolutions passed at that meeting:

1. That this meeting here assembled, representing various
organizations of the Town of Wainwright, go on record as be-
ing in favour of erecting a War Memorial Arena as the first
unit of a Community Centre. Moved by Mrs. Ganderton, Sec-
onded by Mr. C. Hume, Carried unanimously.

2. That a copy of the above resolution be forwarded to each
organization in the Town and adjacent country requesting
that they intimate their attitude toward same in writing and
that they appoint a representative to be present at a Public
Meeting of which they will be advised at a later date. Moved
by Mrs. V. Moan, Seconded by Mrs. F. E. McLeod, Carried
unanimously.

3. That the present committee carry on until the next meet-
ing, and that Mr. Pawsey substitute for Mr. Griffiths as Sec-
retary. Moved by Mr. Cork, Seconded by Mr. McLeod, Carried
unanimously.

4. That the meeting adjourn. Moved by Mr. Cork, Seconded
by Mr. Lissimore, Carried.

Please address replies to Don Pawsey, Wainwright.

Yours sincerely,
(Signed) DON PAWSEY,
Secretary of the Committee

Farm Notes

RECONSTRUCTION CANADA'S OPPORTUNITY

Farms are the backbone of the
nation! Think what Canadian farms
have done during the war, feeding
millions at home and abroad, despite
lack of help and equipment. Our
farms too, have always been the
cradle of our national leadership.
Children reared there have the daily
responsibilities of farm life which
develop men of character and initia-
tive.

A Saskatchewan farmer outlining
the part of Agriculture in the task of
reconstruction, said: "The run-down
condition of many of our farms, the
strained and dissatisfied condition of
many of our farmers in the past,
speak eloquently of the way merely
materialistic objectives sabotage and
undercut a sound agriculture. The
harsh realism of world depression
and the infinitely harsher realism of
war, have surely torn from our eyes
any complacent illusions about the
need for a change, not only in our
institutions, but fundamentally in
our motives and objectives."

"A brand new avenue of creative

action will open up when farmers be-
gin to see clearly their true place in
national and international life. No
longer can we as a class divorce our
aims and objectives from our true
function of feeding people. The ful-
fillment of this function must be-
come an absorbing objective, and
will result not only in restoring to
Agriculture its dignity and import-
ance, but also in satisfying, as Pres-
ident Truman has said "that deep de-
sire which lies in the heart of every
man for great living."

"Today we farmers are on the
verge of a great renaissance. We are
beginning to realize that we have a
calling and that this calling is to
hold the land as a precious trust in
order that it will feed the generation
of today and future generations yet
unborn. We are beginning to know
that it is more important than dol-
lars or comfort that men and women
and little children everywhere should
be fed and clothed. With this convic-
tion and this passion Agriculture
will realize afresh the true dignity
of its calling and will once again be-
come the backbone of Canadian life.
Each farm will become a precious

trust under God, to be tended and
cared for so that it will produce at
its highest and yet maintain its fer-
tility for the future."

HARVESTING MANITOBA MUSKRATS

Hon. J. A. Glen, Minister of Mines
and Resources, announced today that
his Department had been advised by
the Manitoba Department of Mines
and Natural Resources, that from
muskrat areas in Manitoba developed
under Government auspices there had
just been completed a harvest of
372,000 pelts, which were sold at
public auction for more than \$867,000.
From The Pas area alone, where
the plan of rehabilitating the muskrat
originated in 1936, 243,000 pelts
were obtained with a gross value ex-
ceeding \$725,000. This remarkable
return came from an area that less
than 10 years ago did not produce
more than 10,000 pelts worth about
\$10,000. A total of 971 trappers took
part in this year's harvest in The
Pas area, while throughout the en-
tire developed area in Manitoba it is
estimated that about 1,800 partici-
pated.

According to D. J. Allan, Superin-
tendent of Indian Reserves and Trust
in the Mines and Resources Depart-
ment, the development of the various
muskrat projects in Northern Mani-
toba, particularly those in The Pas
area, had provided a subsistence back-
log for Indian, half-breed, and white
trappers of the region. Under the
plan formulated by Manitoba the net
returns from the sale of the pelts are
placed to the credit of the trap-
pers participating and distributed on
a monthly basis. The budgeting of
monies includes insurance against
small harvests and market fluctua-
tions so that the Indian and other
trappers have, so far as possible, a
small but regular income throughout
the year. This is augmented by what-
ever other forms of employment are
available.

The development of marshland
areas for the benefit of Indian and
other trappers is unique in the his-
tory of Government sponsored enter-
prises. Begun in 1936 as an employ-
ment measure when the trapping
population centred at The Pas was on
relief, the consolidated area, which
includes the Summerberry and Two
Island projects and the Connolly
Lake project, has been placed on a
sustained-yield basis. Manitoba evolved
the plan by which swampy
wastes were made productive by the
control of water levels and in 1936
and 1937, Dominion Government aid
was provided through the Depart-
ment of Mines and Resources. Subse-
quent outlays were borne by the
Provincial Government. From the
original Summerberry project of 135,
000 acres, the area under develop-
ment has been expanded to more than
half a million acres and immediate
employment has been provided for a
substantial number of otherwise un-
skilled workers.

A Probable Coal Shortage

It seems queer with the summer
coming along—we hope—to be talk-
ing about coal for next winter, but
so it is. I have made careful inquiries
about the coal situation and it seems
to me that it is highly probable here
may be a coal shortage in Western
Canada next fall and winter. There
is already a bad shortage of coal in
the United States, and so it is likely
that because of a lack in the U.S.A.,
Ontario will draw much more heavily
than usual on Western Canada for
their supplies next fall and winter.
Prairie farmers, therefore, who will
need coal next winter, would be well
advised to buy their coal supplies as
quickly as possible this early sum-
mer. By doing this they have nothing
to lose, but on the contrary would
have coal for next winter while it
is still available at Western mines.
The partial demobilization of the
armed forces, we must remember,
will not permit many, if any, men to
be available for coal mining in time
to dig for this next winter's supplies.
Then in addition to a shortage of
coal miners, the existing shortage of
freight car will probably be worse
next fall and winter.

Hints for the Household

Speedy White Cake

PREPARATIONS
Have shortening at room temperature. Grease two deep 8-inch layer pans, line bottoms with waxed paper, and grease again. Start oven for moderate heat (350°F.). Sift flour once before measuring.
Measure into sifter:
2 1/2 cups sifted cake flour
3 teaspoons double-acting baking powder
1 teaspoon salt
1 1/4 cups sugar
Measure into bowl:
2/3 cup vegetable shortening
Measure into cup:
1 cup milk
1 1/2 teaspoons vanilla
Have ready:
5 egg whites, beaten to meringue with
1/2 cup sugar
*For meringue, beat egg whites with rotary beater (or at high speed of electric mixer) until foamy. Add 1/2 cup sugar gradually, beating only until meringue will hold up in soft peaks.

NOW THE "MIX-EASY" PART

Mix or stir shortening just to soften. Sift in dry ingredients. Add liquid and mix until all flour is dampened; then beat 2 minutes. Add meringue mixture and beat 1 minute longer. (Count only actual beating time. Or count beating strokes. Allow at least 100 full strokes per minute. Scrape bowl and spoon or beater often.)
BAKING. Turn batter into pans. Bake in moderate oven (350°F.) about 35 minutes. Spread Chocolate Party Frosting between layers and on top.

NOTE: Mix cake by hand or at low speed of electric mixer.

Chocolate Party Frosting

2 squares unsweetened chocolate
1 1/2 cups sifted confectioners' sugar
1/2 teaspoon salt
1/2 cup hot water
2 egg yolks
2 tablespoons shortening
Melt chocolate in double boiler. Remove from boiling water. Add sugar, salt and water and blend. Add egg yolks, one at a time, beating thoroughly after each addition.

SWEET CHERRY TIME!

Sunny-tasting as summer itself dark sweet cherries (Bing and Lambert) from Oregon, Washington, and Idaho orchards once again

are here! Enjoy them now while you may—the season is "short but sweet." Keep a "full cherry bowl" handy for between-meal refreshments and end-of-meal nibbling. Pack sweet cherries in the lunch-box.

And use luscious sweet cherries to add that "special-occasion" taste (Point-Free) to salads and desserts. Here's a party-type sweet cherry salad that's grand for a summer luncheon, served with dainty rolls or biscuits and hot or iced tea.

For variety, use 8 chopped ripe olives and 1 cup blanched almonds, toasted and shredded, in place of stuffed olives and cheese balls.

Molded Cherry-Time Salad

2 cups pitted whole sweet cherries
Cherry juice
Boiling water
1 pkg. cherry flavored gelatin
8 stuffed olives
1 pkg. cream cheese
Cook cherries in small amount of boiling water, with sugar, to taste, about 10 minutes. Drain and measure juice. Measure enough boiling water to make 2 cups if added to cherry juice. Dissolve gelatin in boiling water. Add cherry juice. Chill until thick and syrupy. Salt cream cheese (Philadelphia-style) slightly and form into balls. Fold into gelatin mixture with cherries and chopped olives. Chill until firm. Serve on crisp lettuce and garnish with mayonnaise. Serves 6.

Here's an old favorite—but this time it comes to you dressed in Sunday clothes that enhance its food value. High-lighting simple, easily-obtainable ingredients, it's just what you need for a nourishing "surprise dish."

Italian Bran Custard

3 eggs, slightly beaten
1/2 cup sugar
1/2 teaspoon salt
4 cups milk
1 teaspoon grated orange rind
1 teaspoon vanilla
1 1/2 teaspoons nutmeg
1/2 cup finely cut shredded coconut
1 1/2 cups raisin bran
Combine eggs, sugar, and salt; add

milk gradually, and mix well. Pour into greased baking dish. Combine remaining ingredients and fold into custard mixture. Place dish in pan of hot water; bake in moderate oven (350°F.) 1 1/2 hours, or until knife inserted comes out clean. Makes 8 to 10 servings.

G.I. COOKIES

Here is a recipe for a cookie that might easily be called a G.I. cookie—not only because your G.I. Joe would like to find them in his shipment of home goodies, but because they are a G.I. (good investment) for any mother with a cookie jar or lunch box to fill. It's an all around cookie; little trouble to make and just right to eat.

Wheat-Meal Drop Cookies

4 tablespoons butter or other shortening
1/2 cup sugar
1 egg, unbeaten
1/2 cup milk
1 cup sifted flour
1 teaspoon double-acting baking powder
1/2 teaspoon salt
1/3 cup Wheat-Meal
1/2 cup chopped walnut meats
1/2 teaspoon vanilla
Cream shortening thoroughly, add sugar gradually, and cream together until light and fluffy. Add egg and beat thoroughly; then milk and mix well. Sift flour once, measure, add baking powder and salt, and sift again; mix in cereal, add to creamed mixture, then add nuts and vanilla, mixing well. Drop from teaspoon on greased baking sheet. Bake in moderate oven (375°F.) 12 to 15 minutes. Makes 2 dozen cookies.

NOTE: If desired, 1/2 cup raisins may be added.

FLAVORFUL MUFFINS

The following recipe is one you should surely try. In it, the orange and Grape-Nuts flavors are blended to make a new variety of an ever popular hot bread.

Serve these with cream cheese for a dessert that is sure to be popular. Or, place them on the breakfast table Sunday morning. Another idea is to present them as a fruit salad luncheon accompaniment.

Grape-Nuts Orange Muffins

2 cups sifted flour
3 teaspoons double-acting baking powder
1/2 cup sugar
1/2 teaspoon salt
2 eggs, well beaten

1/2 cup orange juice
1 tablespoon grated orange rind
2 tablespoons melted butter or other shortening
1 cup Grape-Nuts
Sift flour once, measure, add baking powder, sugar, and salt, and sift again. Combine eggs, orange juice and rind, and shortening; add to flour mixture, beating only enough to dampen all flour. Add Grape-Nuts. Bake in greased muffin pans in hot oven (425°F.) 20 to 25 minutes. Makes 12 large muffins.

NOTE: 1/3 to 1/2 cup honey may be substituted for sugar in above recipe.

Can. Garden Ser.

By this time most of the garden will be planted unless the spring has been unusually backward, but this does not mean that one should forget all about it. As a matter of fact there must be some June maintenance in the way of cultivation, insect and disease protection, staking, thinning etc., if maximum results are to be obtained. Also, and the experts say that this is most important, there is still time to set out late flowers and plant many vegetables. Indeed it is most desirable to continue planting corn, beans, carrots, and such things right up to the first or second week of July and in order to have a succession of the tenderest vegetables right through the growing season.

In most parts of Canada such things will mature sufficiently for immediate table use right up to the second week in September, and even if early frost does come along before this the loss is trivial compared to the possible gain.

FOR SPEED

The old gardener knows many short cuts to hurry growth along. In dry summers he will, if at all possible, apply a little water to very growthy vegetables, and where there is no hose he will have things like lettuce, tomatoes and beans close to the house or pump so that they can be watered with the minimum of convenience. He also knows that weeds are moisture-robbing and these he will keep removed so that the vegetables wanted get all the moisture that nature provides. The experienced gardener also knows that a weekly cultivation equals a brief shower because it tends to conserve moisture. He also usually has on hand a small supply of commercial fertilizer which

he applies when plants are set out, or along the rows of vegetables once or twice early in the season to push growth.

Moving Perennials - Pruning Shrubs
For ready reference, keep on hand a Dominion or Provincial Government bulletin on perennial flowers, shrubs, etc. This will tell when is the best time to move or prune. Certain perennials such as peonies and iris, for instance, are best moved in September, others should not be shifted until August, and some in late fall or early spring.

As a general rule those shrubs that bloom early should not be pruned until after blossoming is over.

Nearly all perennials and especially iris, delphiniums and other kinds that tend to spread out and die in the centre, benefit from division and moving about every three or four years. A sharp spade is necessary for both jobs and care should be exercised to make sure that those are planted no more deeply than before. Iris, for instance, are liable to rot if set in the soil too deeply and peonies may cease blooming if given the same treatment.

Peas and beans will continue bearing longer if pods are removed regularly and promptly as soon as ready for the table. It is well to keep out of the bean patch when the plants are damp as stirring them up at this time is liable to spread rot. Sweet Peas should be picked regularly. Grass should not be cut as often or as close in hot weather.

CENT PER TON MILE

"Canadian railways are moving freight traffic at an average cost of less than one cent per ton mile," stated Frank A. Gaffney, transport economist of the Canadian National Railways, to the Rotary Club here. "This low cost is approached by only one other country, the United States," he continued.

Mr. Gaffney said that the users of the highways, particularly heavy commercial vehicles, were not fully paying for them. He referred to the reports of two Royal Commissions in the provinces of Ontario and Nova Scotia which, after making thorough studies of costs and their allocation among vehicles, recommended an increase of at least 100 percent in license fees for the heavier class

vehicles.
"The common belief is that trucking is cheaper because on the traffic moved by trucks, the rate charged the public is generally less than the rail rates for the same movement."
"The cutting of rail rates is made possible by the fact that trucks will only move traffic bearing high rates. They will not touch traffic which pays the railways only one-half cent to three cents a ton mile."

Mr. Gaffney pointed out that if the railways were to abandon their present rate principle of charging what the traffic can afford to pay and substitute a flat rate of one cent a ton mile on all traffic, every over-the-road truck in the Dominion would go out of business.

The WEST LOOKS FORWARD!

With Earnest Faith and Vigorous Work; Sound Preparation and Courageous, Far-Seeing Plans!

Yes, the West is tackling the job—largely through the thorough and well-planned projects conducted by the Departments of Agriculture of the several Provincial Governments and University extension courses.

Calf Clubs, Swine Clubs, Bacon-letter competitions; women's and girls' Home-maker Club work, Kitchen Improvement competitions, and other courses and projects, now find fulfillment in prize-winning sales of show beef, awards in numerous ways for the past seasons' study and work. And greatest reward of all, the wide extension of learning and knowledge to all who participated.

To planners and leaders, teachers and students and club members, EATON'S offers cordial congratulations on their work and attainments, and hopes to have the privilege in each succeeding year of continuing to help in this Winning of the West to a new and greater future.

NEWS & VIEWS OF TOWN AND DISTRICT

A special meeting of the Presbytery of Edmonton is to be held in St. Andrew's Church, Monday evening, July 16th at 8:00 for the purpose of ordaining Mr. A. R. Hancock to the ministry of the Presbyterian Church. An invitation is extended to all interested to attend this service of Ordination.

Mrs. A. Lilly, Sr., left on Sunday's train for Toronto where she will visit with her son and daughter-in-law.

Mrs. F. E. Dixon left Monday to spend a few days in Edmonton.

Miss Elsie Harris has as her guest this week Mrs. H. Pike and small daughter of Lulu Island, B.C.

Miss Elsie Horn left on Saturday afternoon for Edmonton where she will attend the summer school classes at the University.

Mr. Tommy Fraser spent Sunday visiting with friends in Kinsella.

Mrs. R. Pickard and son Ronnie accompanied by Mrs. Gerald Taylor and son Gerry are visiting Mrs. Pickard's mother at Smoky Lake.

We understand that Mr. Arnold Winters has accepted a position as assistant caretaker at the School of Agriculture at Vermilion.

Bob Herbert who has been a prisoner of war in Germany arrived home last week and is spending a leave with relatives and friends.

Among the summer campers enjoying the breezes of Clear Lake this week are Mr. and Mrs. Siddall and son Jim of Hannah, Mr. and Mrs. Bob MacKay of Edgerton, Mrs. Chalenger, Edgerton and Mrs. R. Snyder and family of Wainwright.

Mr. and Mrs. G. Thirk of Edmonton are visiting their respective families at Wainwright these days.

Pte. Marshall Patterson arrived on Thursday night's train to spend a month's leave in town.

Mr. and Mrs. Everett Dick and family from Morrin are visiting Mrs. Dick's mother, Mrs. J. Carroll in town.

We are glad to report Mrs. A. Murray is improving nicely after her recent severe illness and wish her a speedy recovery.

Cpl. Harry French arrived home from overseas last week and is visiting relatives in the district.

Mr. and Mrs. Gordon Graham have as their guest this week, Mr. Graham's nephew, Leading Smm. Thos. Graham of Sedgewick who is spending a leave with relatives before proceeding to his naval duties in the east.

We understand that Mr. Leduc has bought the Tchida house on 6th Ave. East and Mr. and Mrs. Tchida and family are going to make their home near Edmonton.

Miss Muriel Rowe is home to spend the holidays with her mother Mrs. Rowe in town.

Work on the manse at St. Andrew's (Pres.) Church is going ahead very nicely. The basement will be completed this week and the house moved onto the foundation for the "final touches".

COMING EVENTS

A dance will be held in the Separate School Auditorium on Wednesday July 18th sponsored by the Battle River Local of the A.F.U. Wilson's orchestra. Everybody welcome.

Miss Beulah Armstrong is visiting in the city this week.

Mr. Stan Ryan spent the week-end in Lavozy with relatives.

Mr. and Mrs. Wallace Prosser are here from Edmonton to visit relatives

POST-WAR RECREATION

IN THE NATIONAL PARKS

With the approach of the end of World War Two the thoughts of most Canadians are turning to that long anticipated holiday that many have had to defer for one reason or another during wartime. Soon they should be able to take that longed-for vacation without the guilty feeling that they are neglecting their patriotic duty to the man behind the gun. It may be some little time yet before travelling and catering facilities return to normal, but that need not prevent anyone from planning his vacation now. Discharged members from the Armed Forces, especially those returning from overseas, are likely to make up a large percentage of this year's vacationists. Those who elect to continue their service until Japan is defeated will have thirty days' leave in Canada before proceeding to the Pacific theatre of war. Many of them may wish to spend at least part of that time in some quiet spot far removed from anything that may remind them of the noise and crowds that have been their constant companion for the past few years. Altogether the stage seems set for an early revival of holiday making in Canada.

It's when everyone insists he is right that everything goes wrong.

If your morals don't amount to much, neither will you.

The weakness we defend most vigorously in ourselves is the one we criticize most violently in others.

Some men just try to better their lot. Others try to be a lot better.

When principles are in dispute, silence isn't golden. It is leaden.

Help Win the War—Buy War Savings Certificates

WAR DOLLARS DO THREE ESSENTIAL JOBS:

1. HELP CARRY ON THE WAR—

Every possible dollar will be needed to bring the war to a successful conclusion. THEREFORE, every dollar you lend enables you to play a vital part in the great fight for freedom.

2. CURB WASTEFUL SPENDING—

To retard spiralling prices and rises in the cost of living, income must be diverted from unwise purchases and made available for war use. WAR SAVINGS mean money put aside to aid essential war production.

3. PROVIDE A NEST EGG—

Following every major war, there is a period of economic re-adjustment. The man who has taken his share of WAR SAVINGS will find this money very useful during this transition period.

GRADUATE NURSES STILL NEEDED

The situation in regard to the supply of graduate nurses and hospital attendants is still serious practically all across Canada, according to Mrs. Rex Eaton, Associate Director of National Selective Service. However, Selective Service in co-operation with the nurses' associations, has met with some success in meeting the situation, particularly through the establishment of joint committees of the nurses' associations and Selective Service.

This situation now appears to be the most difficult in the Prairie Provinces. "Literally hundreds of graduate nurses," Mrs. Eaton stated today, are still required. Through appeals to nurses to accept new assignments immediately a former assignment has ended, through the nurses staggering their vacations, and through nurses declining less essential requirements, a good deal of the deficiency has been made up."

Mrs. Eaton also stated that the hospitals are now somewhat better provided with workers, other than graduate nurses, who are so necessary for hospital operation.

If everyone fights to make democracy free for all, there will be fewer free-for-all fights in democracy.
